

# My Advent House

Color the house and cut it out.  
Cut out the windows and doors  
so that they can be opened.

**For the Leader:**

**Instruct the children to cut out the windows and door only through the 3 thick lines, so that they to open up and the project works correctly.**

# Advent Scenes

Color the house and cut it out.  
Glue the advent house on top of this one.

**For the Leader:**

**Help the children with the process of glueing and pasting the two houses. When they are finished instruct them to open one window for each Sunday in Advent, and the door on Christmas day.**
